### Required Courses for Theology Majors

## COT1055 & 1057 Old Testament 1 & 2

Old Testament 1 (first semester) and Old Testament 2 (second semester) focus on reading the entire Old Testament. The framework and the main content of each individual book and the overall sections of the Old Testament are reviewed. So as to prepare for the Old Testament comprehensive test.

## CNT0123 & 0127 New Testament 1 & 2

Basic knowledge of the New Testament is presented to develop Christian character and for the foundation of New Testament research.

## CST1201 Introduction to Theology

Basic essentials, general content, and fields of Theology are introduced. Sub-fields such as Linguistics and Philosophy, Old Testament, New Testament, Church History, Theology, Christian Ethics, Homiletics and Liturgics, Pastoral Ministry and Pastoral Counseling and Spiritual Theology, Missiology and Religious Studies, Christian Education, and Church Music are also generally introduced.

## **COT0131 Introduction to the O.T. Study**

Old Testament Scripture is introduced through examining the Old Testament formation, author, time period, ideology, and by briefly reviewing the contents regarding structure and translation of the Bible.

## **CST1011 Introduction to Systematic Theology**

Basic understanding of the essentials of Theology and the issues, scope, method and general knowledge of the main topics of Systematic Theology is introduced. Acquisition of the groundwork for the systematic thinking of faith is desired.

## **CHT1321 Survey of Church History**

Statement of purpose for the future church is desired through reviewing the overall 2,000 years of Church history. Examination of how the gospel established the history of salvation for mankind through the church and various aspects of church is focused, such as politics, doctrines, constitution, theology, and life mission.

## **CCE0181 Christian Education**

Materials of basic understanding and wisdom toward educational performance of ministerial function are presented through theoretical introduction of Christian Education. This course is divided into three parts. First part focuses on the academic foundation of Christian Education: theological foundation, foundation of developmental theory, sociological and cultural foundation, and survey of the historical review: understanding the concept and definition of Christian education and the philosophical foundation of education. Second part focuses on educational field: church education, family education, school education, and education through media. Third part focuses on education curriculum and methodology: theory of teaching and learning, curriculum, education methodology, instruction development, and education administration.

## **CNT1011 Introduction to the New Testament Study**

Basic knowledge and research methodology of the New Testament Studies are presented. Contents include author, writing, time period, location, and message of canonical formation, the Gospels, Acts, Pauline Epistles, General Epistles, and Revelation.

## **CPT0011 Introduction to Practical Theology**

The extensive world of practical theology is introduced before starting an actual theological research. Brief introduction to all the subjects in the field of practical theology provides fundamental understanding.

## **CCE1145 Christian Ethics**

Identity and components of Christian Ethics are examined along with sequential analysis on glossary of Christian Ethics, summary of Christian Ethics, Biblical Ethics, issues of individual moral differentiations, Spirituality and Ethics, Social Ethics, World Ethics, and Ministry Ethics.

## **CST0111/CST0121 Reading Theological Text in English**

Exemplary English text of each field in theology is read in order to develop the ability to understand and critically analyze the theological English literature.
